As you know, this report is fully satisfactory, however I have offered comments in the spirit of polishing the apple. Thank you for the opportunity to review the document.  
Great job.

Please find attached, the document re-titled "Region10 INDUCED seismicity..." to reflect that it is from R-10.

I am forwarding this now, as,  
I am out of the office Jan 3-13...  
Then in the office Jan 13- 21  
Then out in the field Jan 22-30....  
So this is the best I can do with the time offered.

Cheers, Thor Cutler
